

September 2009

Dear Michigan Tech Employee:

The Campus Security Act Annual Report is prepared by the University in order to be in compliance with federal law. The law also requires the University to give timely notice of the existence and location of the Campus Security Act Report.

You can find the Michigan Tech 2009 Campus Security Act Annual Report at <http://www.publicsafety.mtu.edu/docs/annualcrimereport.pdf> or in printed form at any of the following campus locations:

- Dean of Students Office - 170 Administration Building
- Counseling Services - Hamar House, center campus
- Housing and Residence Life - 153 West Wadsworth Hall
- Affirmative Programs - 207 Administration Building
- Human Resources - 200 Administration Building
- Public Safety - Widmaier House

The report includes three important sections that all members of the University community should be familiar with:

The Campus Crime Awareness Report - Includes information about how to report a crime, crime prevention, and the MTU campus crime statistics over the past three years.

The Michigan Tech Sexual Misconduct Policy - Explains issues of confidentiality, mandated reporting requirements, options for victims, rights of the victim and the accused, and University regulations concerning student behavior and sexual misconduct.

The Michigan Tech Alcohol and Drug Policy - Contains University regulations concerning the use and abuse of alcohol, illegal use of drugs, guidelines for use of alcohol at social events, and disciplinary action taken when faculty, staff, or students violate the policy. The policy also explains the consequences of alcohol and drug abuse in the University environment and it refers readers to helpful services on campus and in the local community.

Please let either of us know if you have any questions in relation to this report.

Sincerely,

Anita L. Quinn
Director, Human Resources

Daniel P. Bennett
Director, Public Safety and Police Services
